ABD EL-RAHMAN AHMED

SOLAR ENERGY ENG | MOBILE DEVELOPER | MERN STACK DEVELOPER | UI/UX DESIGNER | GRAPHIC DESIGNER

Profile

I'm a versatile professional with a Bachelor's degree in Electrical Engineering, specializing in solar energy. My primary expertise lies in mobile development, **MERN stack development, and front-end development**.

- As a **mobile developer**, I excel in crafting high-performance applications for both iOS and Android platforms, utilizing technologies like React Native to deliver engaging user experiences.
- In the realm of **MERN stack development**, I'm proficient in MongoDB, Express.js, React.js, and Node.js, allowing me to build end-to-end web solutions that align seamlessly with design and functionality requirements.
- My **front-end development** skills encompass HTML, CSS, and JavaScript, ensuring responsive and user-friendly websites that pay meticulous attention to detail.

I'm passionate about building websites from scratch to meet unique preferences. Whether you need a mobile app, web solution, or captivating design, I'm here to bring your project to life.

Work Experience

Upwork • September 2022 - Present

Front-End Developer (Freelancer)

- Collaborated with diverse clients to create visually appealing, user-friendly websites using HTML, CSS, and JavaScript.
- Ensured responsive design for seamless performance across devices.
- Employed problem-solving skills to enhance project efficiency.
- Managed multiple projects simultaneously, meeting strict deadlines.
- Maintained open communication with clients to ensure satisfaction and fostered lasting relationships.

Education

Science Valley Academy • August 2018 - July 2023

Bachelor's degree in Electrical and Electronics Engineering

- Completed coursework in various electrical engineering subjects
- Engaged in practical laboratory work, hands-on projects, and research activities to apply theoretical knowledge to real-world scenarios.
- Actively participated in student organizations, workshops, and extracurricular activities to enhance technical and interpersonal skills.

Udacity • November 2022 - December 2022

Professional Front-End Web Development

- Proficient in HTML5, CSS3, JavaScript, React.js, and responsive web design. Skilled in front-end frameworks, creating dynamic interfaces.
- Proven ability to build fully functional web apps. Experienced in industry-standard version control and collaboration tools.

Udacity • October 2022 - October 2022

web development challenger track

- Completed the 'Web Development Challenger Track,' gaining proficiency in HTML5, CSS3, JavaScript, and responsive web design.
- Developed problem-solving skills through hands-on coding exercises, acquired foundational knowledge of front-end and back-end development, and demonstrated the ability to build and deploy web applications.
